Another World

Another world is not only **possible**, she is on her **way** **a d E**

On a **quiet** day, on a **quiet** day, I can hear her **breathing** **a d E**

Hear her brea-thing **a G d E**

Hear her brea-thing **a G d E**

By Diane Kaplan, based on written words by Arundhati Roy

Holy shit

a G C

What to do with our **pee** and poo, **Instead** of going to a normal loo

Shit in a bucket and **put** it on a pile, **and** just wait for a while

All the bacteria self **heating** their house, **Living** for a good cause

No more waste **no** more pollution, **Humanure** is the solution

All the **life** we cannot **see**, Is **working there** in harmony

All the **magic** of this **earth**, Transforming our **poo** in somethings **worth**

Oooooh Holy **shit**

F C

Nitrogen and carbon should be **balanced** well

for a **good** hot pile, all the pathogens die

Mister Worm and the **funga** family,

are **compost** organisms, you actually can see

To **avoid** bad smell you got to **cover** it well

With **grasses** and leaves, Nobody can tell that **you** were **there** all **alone**

Shitting on a throne, Giving back to the **earth**

Transforming your **poo** in golden **dirt**

By Jorien van Dam & Nuno Moreno, composed for the "Don't worry be Permie" reunion and compost toilet workshop at Masesselin, Jura, Soubey (CH)
